PROFILE

I am a Front-End developer with an entrepreneurial mindset based in Toronto. I am passionate about creating web applications with clean, reusable code that is accessible, responsive, and provide a great user experience. My past work experiences focused on meeting customer needs and effectively collaborate with my team solving complex problems.

SKILLS

HTML5 | CSS3 | SASS | JavaScript | jQuery | React | Rest API's | Firebase | Responsive Design | Git | Git Hub

SOFT SKILLS

| Teamwork | Adaptability

EDUCATION

WEB DEVELOPMENT IMMERSIVE CERTIFICATE

Summer 2020 | Juno College of Technology

WEB DEVELOPMENT

Spring 2020 | Juno College of Technology

CONTINUING EDUCATION JAVASCRIPT COURSE

Spring 2020 | Juno College of Technology

REALTOR

2016-2018 | Ontario Real Estate Association

PROJECTS

Holiday Planner – React | Firebase | Rest API | CSS3 | HTML5

- This app built with React. Allows user to enter a year, select a holiday retrieved from API and make plans for that date
- Used Firebase as a real-time database to allow the user to save their plans and view/edit in the future

Save the Lyric – React | Firebase | Rest API | CSS3 | HTML5

- Game which allows user to search for a song and artist. In turn pulls up the lyrics with missing words that user must guess
- Git collaborative project where I led and made decisions on user experience, functionality, workflow and UI design

EXPERIENCE

Owner of Big Deck Bros | Contractor | 2018 – March 2020

- Project budgets range from \$10, 000 to \$40, 000. Setting a time frame to complete tasks allows me to manage project deadlines which is essential to staying within or under budget.
- Solve unforeseen problems with creative solutions.

Realtor | Home Life Frontier Realty Brokerage Inc. | 2018 – Jan 1 2021

- Assist clients in the acquisition/disposition of detached, semi-detached homes and condominiums which have ranged from \$500, 000 - \$1, 000, 000.
- Majority of my clients were gained through family and friends.
